**Subject:** Updated Tribal Spreadsheets to include Approved Tower Standard Memo  
Tribal RSOs Master Action Memo List FY15 Tribal Requests 8-17-15.xlsx

Hi Lela and Judy - attached is the multi-spreadsheet for the Tribal actions. This includes the recently approved Tower Standard memo (signed today by Carolyn) update. You both should know that Region 5 put in another amendment for well placement monitoring, boring and soil sampling. I've sent the package back to Bob for him to finalize.
